# 1. Introduction

This manual is made to help you better orientate in all the resources available to you on the portal of the **Economics Electronic Library** of the *Solvay Brussels School of Economics and Management - Université libre de Bruxelles (ULB)*.

Although this note concerns the French version of the website, some pages of the portal can also be viewed in English.

The Economics Electronic Library is at the following address: <https://www.bibeco.ulb.be>.

The website of the Economics Electronic Library is always listed among the top results in a google research, whatever the keywords that you use: « economics and management library », « economics electronic library » or « bibeco ».

The image shows a Google search interface. The search bar contains the text "economics and management library". Below the search bar, there are navigation options: "Tous", "Images", "Maps", "Actualités", "Vidéos", "Plus", and "Outils". The search results show "Environ 409 000 000 résultats (0,55 secondes)". The first result is titled "Articles universitaires correspondant aux termes **economics and management library**". Below this title, there are three snippets of text: "... approach to integrating **economics and management** - King - Cité 152 fois", "... and reuse: water quality **management library** - Asano - Cité 558 fois", and a link "https://www.bibeco.ulb.be > index\_e... ▼ Traduire cette page". The link is circled in red. Below the link, the title "The **Economics** and Management Library. Solvay Brussels ..." is displayed, followed by the description "The **Economics** in one Click Your One-stop Shop & Gateway to Information Resources in **Economics**, Finance, **Management**, Marketing & Statistics." Below this, there is another link "https://www.bibeco.ulb.be > bibeco\_... ▼ Traduire cette page" and the title "Economics and Management Library - ULB". Below the title, there is a date "13 oct. 2021" and a description "The **Economics** Electronic **Library**: the **Economics** in one Click. What are you looking for ? A Book ? A Serial ?".

## 2. Overview

The [home page](#) divides the listed resources by BIBECO into three main categories:

- **Economics & Management Library**, by which you can access academic databases and other resources requiring an institutional connection.
- **Web Portal for Economics and Management**, which is a large links repertory towards freely available resources such as academic, banking, statistics, news, blogs and open archives publications.
- **PATLIB, Portal for Patents**, which gives you an access to a wealth of resources in intellectual property (patents, trademarks & standards).

Targeted links are at your disposal to make a search according to the type of document (a book, a serial, a thesis, a databases, etc.). That way you will also access to the **list of Databases or Electronic Journals**, highlighted on the home page. You can also download the **Classification system** in Economics, Statistics and Management used at the 5th floor of the Library of Human Sciences.

Besides, the page offers you an access to different catalogues:

- 1) **Cible+**: catalogue of the ULB's libraries. It is indeed a search engine that allows you to consult available documents in ULB's libraries, but also electronic resources (with full text) available through ULB subscriptions.

- 2) **UniCat**: collective catalogue of academic and research of Belgian libraries. It allows making a search in only one requiring, in all catalogues of the targeted libraries. A true time saving! If the required document is not available at the ULB, you can order it at the interlibrary service (concerns papers or copies of printed and electronic articles). For further searches, you keep the possibility to directly consult the catalogue of a particular library on its own platform.

## 4.2 Consultation of a database

Each database is presented on an independent page where you will find information about the content of the concerned database, on its thematic coverage and, if available, the list of journals accessible through this database.

The access to databases and other paying documentary resources (through ULB subscriptions) is free from a post located at the ULB's libraries.

From an outside location, it is necessary to identify yourself via the EZ-proxy service. Only ULB students and members are allowed to access to electronic periodicals outside the University. The access is done by authentication, by entering the login and the password of your ULB e-mail address.

If you are outside ULB campuses, you will automatically be redirected to the authentication page of the ULB libraries where you will be invited to insert your ULB login and password.
